# EDUCATION

It is essential that everyone in Georgia be counted in Census 2020 since the federal government uses these counts to determine funding for education. We need to get the count right so your schools can be properly supported!

In 2015, Georgia received \$1.6 billion federal dollars for education-related programs.

Georgia has

**2.5**  
MILLION

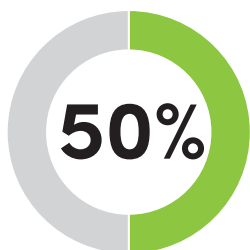

kids (birth-18).

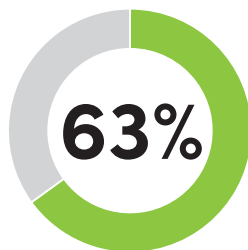

Georgia ranks

**34<sup>th</sup>**

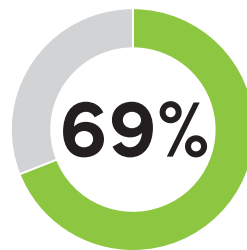

in education  
in the U.S.

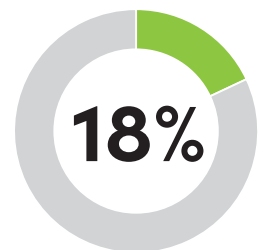

of 3-4 year olds  
are not in school.

of 3<sup>rd</sup> graders  
are not proficient  
in reading.

of 8<sup>th</sup> graders  
are not proficient  
in math.

of high school  
students are not  
graduating on time.
